November 1, 2020

Dear Parents/Guardians:

Dear Families,

Now that the snow is about to fly, we need to change our pick up and drop off routine at Egremont. Everyone has done a great job learning routines and maintaining physical distancing. We believe we are ready to transition to using our own loop in the morning. The Optimist Club parking lot will **not** be ploughed, sanded or supervised by Egremont staff for our use in the morning - PLEASE do not use this property for unloading students. We are grateful to the Optimist Club for allowing us to use their property this fall.

## Morning Drop Off

- Walkers will continue to meet at the side walk at the front of the school and be led across the driveway by a staff member on duty
- Vehicles will be allowed into the school driveway loop AFTER the last bus has entered. This will be at about 8:50am. All students are to exit cars along the side walk after busses have unloaded and left the parking lot. Please do not unload any students from the loop anywhere but at the sidewalk at the side of the school.

## Afternoon Pick Up

- Walkers will be escorted across the front driveway by staff as usual
- Vehicles will be allowed into the school driveway loop AFTER the last bus has entered our loop. Busses depart by about 3:15. Students to be picked up will be brought to the sidewalk beside the school shortly after 3:15. We will not allow pick up anywhere but at the sidewalk at the side of the school. Please ensure you arrive at the school by 3:30 for student pick up.

Thank you so much for helping us keep our students safe.

As always, if you have any questions or concerns please contact me.

Sincerely,

Cathy Griffin, Principal  
Egremont Community School
